**SANKALP Network Members** are organisations that use the power of collective action to advance positive change.

Network Members are often incubators, accelerators, co-working spaces, businesses, non-profits & industry associations, other convening platforms, service providers (law firms, accountants etc.), recruiters, and academic institutes. We also extend Network Membership to Media partners, which include independent media houses, bloggers, and mainstream media. We aim to be inclusive so if your organisation is not listed here and you think you would qualify as a Network Members please do reach out to us!

## FREQUENTLY ASKED QUESTIONS:

### Is there a financial commitment?

No, absolutely not for our standard agreement for all Network Members. Engagements beyond standard membership will be decided mutually with organisations.

### How long do we have to sign up for?

We ask that you join us for an initial time period of three years so you we can build a strong working relationship.
